REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art neither discloses nor suggests, in combination with the other limitations in independent claims 14 and 27, a method of making a thick film heater by curing a polymer-based thick film resistive layer deposited on a substrate for a first period of time, depositing a dielectric layer over the resistive layer, and curing the heating element for a time longer than the first period, or a thick film heater made by this process.

The Examiner notes that the recited "post-curing cycle" refers specifically to a second curing cycle after the first.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Joseph M. Pelham whose telephone number is 571-272-4786. The examiner can normally be reached on M-F 8:30 AM to 5:00 PM.
